

KNOWLEDGE SERVICE, LABOR-**SAVING** SOLUTIONS

BEST-IN-CLASS EQUIPMENT DESIGN

Fox Solutions has partnered with the most dependable equipment manufacturers in the industry to provide our customers with machine solutions that represent the highest quality construction and state-of-the-art technology. We continually refresh our equipment portfolio to offer the most efficient and reliable solutions that meet the changing demands of fresh produce companies.

CUSTOMIZED, LABOR-**SAVING** SOLUTIONS

Whether you are looking for a single piece of custom equipment or need to revamp an entire production line, Fox Solutions is your single source for customized, labor-saving solutions. Our sales team will schedule a meeting to learn about your specific needs and consult with you about your options to determine the best fit.

COMPREHENSIVE, TURN-KEY SERVICE

With Fox Solutions, you will no longer need multiple suppliers who specialize in particular manufacturers or machine types. Our expertise on a breadth of produce equipment and machine compatibility removes the guesswork out and enables us to guide you toward correctly selecting every aspect of your equipment lines.

Following installation and training, our team provides parts and services to ensure your production lines are running at maximum efficiencies at all times. Our comprehensive, turn-key service makes us the right partner for all your equipment needs.
